265 WITH CARBONFLEX™ HIGH-SPEED PRINT & APPLY LABELING SYSTEM

Excellence in Secondary Packaging Labeling

The CarbonFlex applicator is engineered to apply one or two labels to shipping cases, shrink-wrapped trays, or pallets, when integrated with an ID Technology 265 or Panther Predator print and apply labeling system.

Safety, accuracy, and tolerance of product handling are all critical parts of the CarbonFlex concept.

The ID Technology 265 is the perfect match for CarbonFlex. With its sophisticated Allen-Bradley controls managing the CarbonFlex servo drive and easy-to-use touch-screen HMI ensuring happy operators, the 265 is the solution for many secondary packaging applications.

The 265 with CarbonFlex is also a good solution for pallet labeling - able to apply one or two labels without the pallet needing to stop.

FEATURES AND BENEFITS

- Designed to apply one or two labels to shipping cases, shrinkwrapped trays or pallets
- Allen-Bradley PLC controls
- Multiple communication protocols for line integration
- Servo-controlled, carbon fiber label application blade
- All-electric - no compressed air needed
- Less sensitive to inconsistent product handling than other applicator types
- Engineered for high-speed packaging lines
- Modular components for maximum serviceability
- Zero downtime option featuring redundant labeling heads for continuous labeling production
- Built-in safety - applicator reverses direction on contact and greatly reduces pinch points

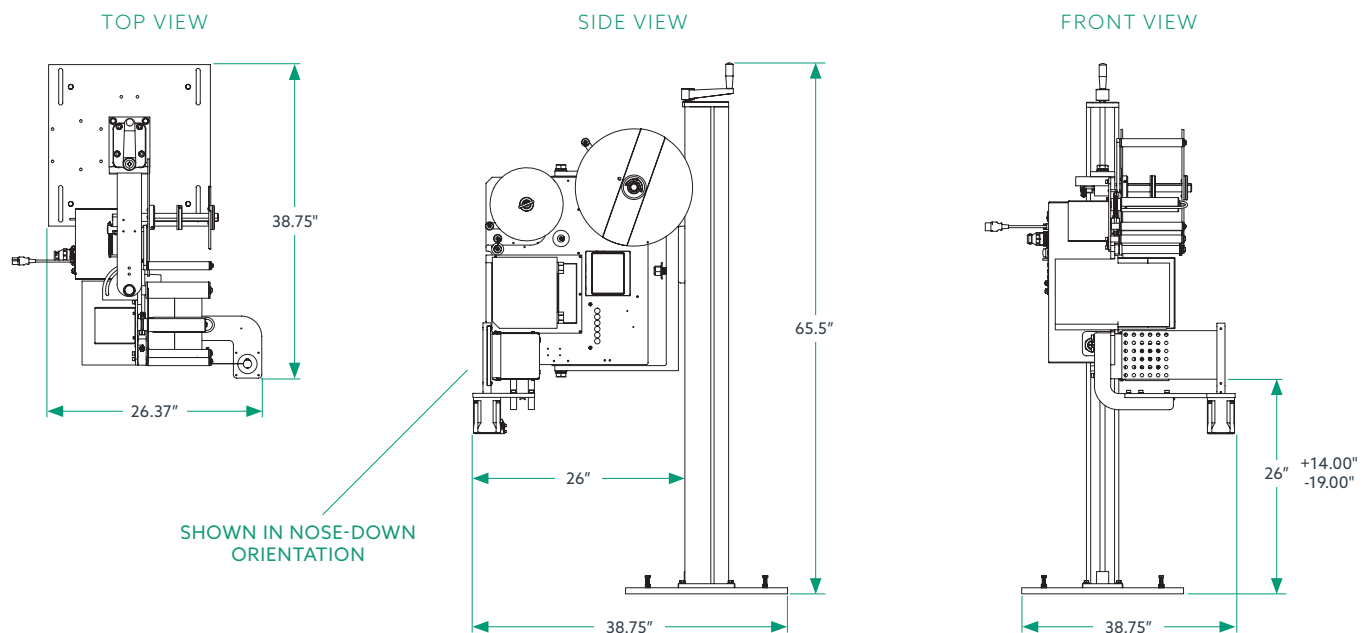

COMMON APPLICATIONS

STANDARD PRODUCT SPECIFICATIONS

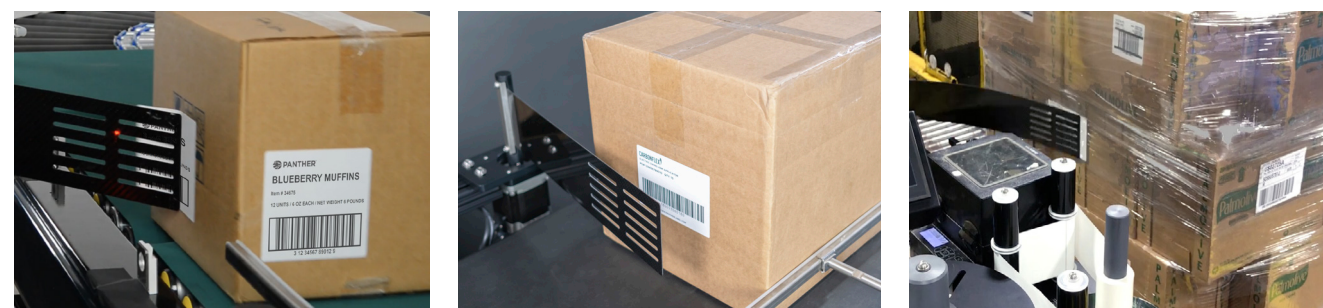

Label Supply	14" Diameter / 3" Core		Electrical	120V AC @ 6A, 60Hz
Label Size	Min: 2" x 2"	Max: 6" x 12"	PLC	Allen-Bradley Micro850
Standard Applicator Lengths	12" / 18" / 24"		Printer	Print Engines From Zebra & Sato
Operation	All Electric - No Compressed Air Required		Conveyor	Optional Integrated Conveyors Available

CONFIGURATION

SYSTEM OPTIONS

- Low Label Sensor and Alarm Beacon
- Remote Mounted HMI
- Barcode Scanner
- Various Type of Mounting Hardware
- Integrated Conveyor
- NiceLabel Label Software
- ID Technology NiceLabel Custom Apps
- Windows Based IPC for NiceLabel
- Zero Downtime Option
